

February 2023

Visitation Academy Families;

At Visitation Academy, we foster a spirit of family, and feel that once you have registered with us, you are part of that family. In order to streamline our registration process, current students will automatically remain enrolled for the 2023-2024 school year.

Our tuition rates for the upcoming school year are posted on our website under the Admissions Tab. Growing our overall enrollment for the 23-24 school year is always a crucial factor for keeping tuition rates affordable. We greatly appreciate any referrals of friends and family to our Visitation Academy Community.

For Returning Students: Your \$375 enrollment fee per family will automatically be added to your Blackbaud account as of April 2023.

If you have an additional child who will be joining our school next year, please complete the enrollment form which is located under the Admissions Tab on our website.

Non Returning Students: Please email the school office by March 31, 2023 so your registration fee will not be added to your April payment.

Please contact Mrs. Pagano dpagano@visitationacademyparamus.org or Mrs. Drew principal@visitationacademyparamus.org with any questions or concerns you may have regarding the process.

Thank you

Mrs. Drew
